DEEP PRODUCT
DEVELOPMENT

Founded in 2001, Chaozhou Tongheng Technology Co., Ltd. is a professional manufacturer of small home appliances with a production facility covering over 6,000 square meters.

With our own mold-making workshop and four production lines, we specialize in portable fans, humidifiers, aroma diffusers, hand warmers, and other innovative small appliances.

We provide comprehensive OEM and ODM services, from product customization and mold development to deep product design, engineering, manufacturing, and mass production.

Built with Care. Checked for Quality.

From product consultation to final shipment,
we support your business with dedicated manufacturing and quality checks at every stage.
